

Q&S in the News.....

2008 CALMENTOR AWARD

Q&S Engineering and URS Corp. were the recipients of the “2008 Outstanding Performance Award” presented by CALTRANS District 11, SANDAG, SBC District 11, and ACEC California. The selection of Q&S for this award provides added value for small business contracting opportunities with CALTRANS and SANDAG.

Initiated by Governor Schwarzenegger via Executive Order S-11-06, the program was designed to encourage and support small businesses through voluntary partnerships with mid-size and larger firms. Specifically, the program aims to increase the participation of small Architectural and Engineering (A&E) firms in public transportation projects in the San Diego region.

In order to ensure success, Caltrans and SANDAG partnered with the American Council of Engineering Companies (ACEC) – San Diego Chapter, and the Caltrans, District 11 Small Business Council (D-11 SBC). A Steering Committee consisting of representatives from Caltrans, ACEC and the D-11 SBC, selected Q&S for the award.

“We are very pleased with the program and our relationship with our Mentor” said Conrad Leslie, President of Q&S Engineering. “We are very grateful for the support and recognition that we received”.

About Our Organization...

Q&S was founded in 1999, as a (HUB Zone / SDB / DBE) that provides added value / resources of a large firm, and flexibility / cost effectiveness of a small business. Q&S is dedicated to providing *Quality* and *Service* (Q&S) in the environmental, geotechnical, and oceanographic fields. Our definition of *Quality* is deliverables that meet or exceed expectations. Our definition of *Service* are deliverables that are provided on schedule, safely, and within the agreed upon budget.
